"Mr. Churchill was received on arrival by Mr. Mackenzie King and during his stay in Canada will be the guest of the Canadian government.

ATTENDANCE CONFERENCES

Mr. Churchill will have discussion with Mr. Mackenzie King and will also attend a conference with President Roosevelt and the combined chiefs of staff of the United States and the United Kingdom.

Mr. Churchill was accompanied by his wife and his daughter, Subaltern Mary Churchill of the British Auxiliary Territorial Service. Others in his party according to an official announcement include:

Wing Commander R. Gibson, D.S.O., who led the air squadron which successfully bombed the Meine and Ezer dams.

Prime Minister King had come to Quebec late last evening and taken up quarters in the Clarendon, summer residence of the government.

SECOND VISIT OF WAR

It is Mr. Churchill's second visit to Canada since the war started and will be his sixth war conference with President Roosevelt.

During the first Churchill-Roosevelt conference held in Washington in December, 1941, Churchill and Roosevelt, the British prime minister, made the first wartime visit to Canada. Mr. King had gone to Washington to meet with the two leaders.

**Market Great Crop**

**Farmers to Get Advances For Storing Wheat**

Canadian farmers marketed 485,000 bushels of grain during the crop year ending July 31, 1943, including 28,000,000 bushels of wheat, 115,000,000 bushels of barley, 55,000,000 bushels of flax seed, and 8,000,000 bushels of hay seed, according to Hon. James A. Macdonald, minister of trade and commerce, and member of parliament for Edmonton.

The minister said that the rise in Edmonton Tuesday morning on a two-weeks holiday was the result of the city and district.

He said that plans are being worked out between the Dominion government, representatives of the wheat board, the elevator companies, and the western wheat pool under which advances to farmers for storing wheat in the winter will be formulated. These regulations were progressing rapidly and would shortly be completed.

On July 31, the 1942-43 crop year ended and the records now available show that farmers marketed 44 million bushels of grain during the year. This figure included 26 million bushels of wheat, 10 million bushels of barley, 5 million bushels of flax seed, and 3 million bushels of hay seed.

It was estimated that the 1942-43 crop year would result in a surplus of wheat of 300 million bushels.

## Retreating Nazi Troops Commence Wholesale Demolition Operations

By VIRGIL PINKLEY

ALLIED HEADQUARTERS, NORTH AFRICA, Aug. 10.—Retreating German troops have begun wholesale demolition of communications in northeast Sicily, impeding but failing to check a general Allied advance which effected a junction of the Anglo-Canadian and American armies before Randazzo Pass at the centre of the line.

The only column of German troops driving against Randazzo, key junction dominating the narrow defile between Mount Etna and the Catarauni range, met west of the pass and plunged in today for a showdown battle expected to seal the fate of the cornered defenders of Sicily.

The junction of the British and American spearheads was believed to have cut off unknown numbers of German troops making a suicidal stand before the mouth of the pass, one of the most vital Sicilian objectives remaining in Axis hands.

The hard-pressed Germans, struggling to avoid wholesale demolition of their communications, were ordered to demolish the Allied advance in all sectors, starting a campaign of wholesale demolition on a scale never before witnessed in the Sicilian campaign, which went into its second month today.

Dynamite blasts in the wake of the Nazi withdrawal sent whole mountainsides crashing down on the Allied advance, but the Allies realized that they were nearing the end of their fighting days and were attacking on an extravagant policy of demolition.

## Bloc Populaire Wins In Stanstead, Labor Takes Montreal Seat

By The Canadian Press

Four House of Commons seats formerly held by Liberals were lost to that party yesterday when by-elections held in four federal constituencies returned two C.C.F. candidates, one member of the recently-formed Bloc Populaire and a Labor Progressive.

The by-elections were held in Montreal Carter, Stanstead, Que., Selkirk, Man., and Humboldt, Sask., and the C.C.F. which contested all four ridings, was successful in the western constituencies, with William Bryce an easy victor in Selkirk, and Joseph W. Burton elected by a substantial majority in Humboldt.

The vote by ridings follows:

**MONTREAL CARTER** (complete 164 polls): Rose (Lab.-Prog.), 5,784; Phillips (L.), 4,179; Mesure (B.P.), 3,462; Lewis (C.C.F.), 3,307; Miller (Ind.), 107.

**STANSTEAD** (complete 66 polls): Choquette (B.P.), 6,702; Davidson (L.), 5,390; Thomas (C.C.F.), 240.

**SELKIRK** (105 of 134 polls): Bryce (C.C.F.), 8,762; Fillmore (L.), 3,401; Halderson (S.C.), 809.

**HUMBOLDT** (101 of 108 polls): Burton (C.C.F.), 8,423; Krenn (L.), 5,082; Hagenhoff (S.C.), 220.

The C.C.F. was not so successful in the Quebec ridings, where Fred Rose, Labor Progressive, won a tightly-contested bar over the Liberals, the C.C.F. and the Bloc Populaire, in Montreal Carter.

**Liberal Defeated in Stanstead**

In Stanstead, the Liberal candidate went down to defeat before Armand Choquette, a partisan of the Bloc Populaire, the newly formed party of Maxime Raymond, member of parliament for Beauharnois Laprairie.

No candidate in any of the four ridings was put up by the Progressive Conservative Party.

The double-barrelled triumph in the west increased the C.C.F. representation in the House of Commons to 11 members, with six elected in Saskatchewan ridings.

Mr. Burton, who has represented the provincial constituency of Humboldt in the Saskatchewan legislature since 1938, defeated the Liberal candidate Frank S. Krenn, also a member of the Saskatchewan house, and Theodore

## Domination Revenues More Than Double

OTTAWA, Aug. 10.—(CP)—Revenue Minister Giddens announced today that customs, excise and income tax revenue collected during the first four months of the fiscal year ending March 31, 1944, was more than double the corresponding period in 1942-43.

The Kharikov result in the capture of more than 100 miles north of Bryansk, the Russian communiqué said. Indications that the German forces were retreating in some districts were seen in the north.

The Russian communiqué declared that the Red Army was attacking west of Bryansk, 250 miles to the north of the German line. The Russians had launched an offensive in the direction of Smolensk, 130 miles north of Bryansk. The Russians made no mention of this latest operation in the midnight communiqué.

### More Protests

The defeat of Liberal candidates in Stansfeld and Montreal, Quebec, Quebec, Manitoba, and Humboldt, Saskatchewan, can be summed up in a single phrase.

It is a protest against the non-Liberalism of the Dominion Liberal Government.

The Federal Liberal platform, as enunciated by Prime Minister King, set forth practically everything the Canadian people want. It establishes a policy of military reform and a broad policy of social security.

But the Hon. J. L. Bley, minister of finance, has repudiated these policies. He repudiated his party's election pledges when he refused to use the Bank of Canada in public intervention when he refused to pay Old Age Pensions; in refusing the just and reasonable debt act proposed by the governments of Manitoba, Saskatchewan and Alberta; in permitting high and unpayable interest rates; in refusing party prices—farming; in clinging to the discredited and twice-rejected Tory policy of "sound money."

In fact, Mr. Bley has so flagrantly repudiated the pre-election Liberal policy that during the last session he was rebuffed by Arthur Slaght, K.C., to cross the floor of the House and sit with the Opposition. Now the hand of fate has turned the mill. Wherever the public has been permitted to express itself, there is an overwhelming pre-election Liberalism.

Prime Minister Mackenzie King has for years been devoting his time to international affairs and has neglected the domestic life of the country. He has neglected the domestic life of the country. He has neglected the domestic life of the country. He has neglected the domestic life of the country.

The Liberal party must redeem its pledges, accepted in good faith by the people of Canada, or suffer the same humiliating and disastrous defeat administered to the Tory party in 1935 and 1940.

### Resignation

Every person in Edmonton who has had occasion to come into contact with the local branch of the Canadian Legion will deeply regret the resignation of J. Van Slyke from the post of secretary-manager for reasons of health.

The Canadian Legion file an important place in every Canadian's life. Van Slyke has missed no opportunity to extend and magnify the usefulness of the Legion in Edmonton.

He has maintained a valuable cordiality between the Legion and the community. His relations with the public have always been of a sympathetic and co-operative nature.

Mr. Van Slyke has done an excellent job in Edmonton and the good wishes of Edmonton people will go with him.

### Goering in Control?

The German authorities have permitted the alleged news to leak out that Reichsmarshal Hermann Goering is now in control of Germany and that Hitler, because of ill-health, a virtual prisoner.

Every rumor and every statement that originates among a people who have made a virtue of mendacity is, of course, suspect.

But it is true that Goering has acquired an ascendancy over Hitler, in the Nazi picture, there are a good many important conclusions to be drawn.

We do know it is a fact that the relationship between Hitler and the army has never been cordial. The army, otherwise the Prussian military caste, has always despised Hitler as an amateur and a parvenu. Nevertheless the army has been willing to follow Hitler as long as the man's drive and luck held.

It was reasonable to suppose that the minute Hitler was forced to take the defensive with a good reason, the army would follow. The Prussian military caste, however, despised Hitler as an amateur and a parvenu. Nevertheless the army has been willing to follow Hitler as long as the man's drive and luck held.

their conquerors to permit them to work up another revolution in fifteen or twenty years. That was what they did in 1918. That is what they might do in 1943.

Our biggest job, in that event, will be to see that history does not repeat itself.

### Dehydrated Fruits

Niagara Peninsula fruit growers have suggested that the Dominion Government order the drying of plums and peach crop to be processed as the only means of ensuring an equitable distribution of the fruit throughout the country.

It would seem to be a sound suggestion. The transportation systems, despite their highly capable efforts and even miraculous results in keeping goods moving are choked with freight.

Nevertheless, if only for health reasons, Canada's fruit crop must be distributed to the Canadian people as equally, fairly and economically as possible.

The new dehydrated fruits are palatable and pleasant. They are said to contain all the nutritive factors of the raw products.

This, then, may be the adequate and intelligent method of dealing with the situation. Certainly it is better than having fruit rot in the districts and other districts starved.

The Italian fleet has not been bombed lately. Certainly the Dominion Government's air force did not know where the ships were hidden or could not get at them. They have doubtless flown over the secreted vessels across the water, but did not put bombs on their bombs-racks for strategic reasons. The Allies can make good use of those vessels and the hope is that they will destroy them when there is a chance of getting them. Whatever his faults—and he had plenty—Mussolini built good ships.

Walk-Rites Triumph by 14-1 Over Aircraft Repair Girls

WALK-RITES trounced Aircraft Repair 14-1 and Air Force Bomberettes edged out Hayward Corvettes 7-6 in Senior Girls' Football League games played at Kingsway Park Monday night.

Betty Carveth turned in a fine performance for the Walk-Rites to enable them to move into a first place tie with Army and Navy Pals.

The western Canadian champs collected a total of 13 hits from the Aircraft pitcher, Jack Stewart.

The winners scored the scoring with three in the first and were never headed. With one out, Jean Barton singled to left field, stole second, went to third on an error as Margaret Royce made first and came home on a double by Frances Zavitz. Royce went to third on the two bagger and scored on a passed ball and Zavitz made third on the wild pitch and came in on an error.

The Aircrafteres countered their only run in the other half of the session when "Bubbles" Ferner singled to center field, made second on a passed ball, Stewart made second, but was unable to get any farther as Fin Beisford grounded out, short in for the third out.

Walk-Rites added another three in the third which were brought in by Vicki Punn, Barton and Royce in the fifth by Betty Carveth, who in the next inning by Royce Zavitz, Manner Wilson, Jean Beisford, Isabel Whitley and Mable McCormack and another in the ninth by Beisford to finish the counting.

## Clarify Position On Slaughtering

Due to the failure of mass farmers to comply with the Ration Administration's regulations regarding slaughtering, the Wartime Prices and Trade Board has issued the following statement:

This applies also when farmers have livestock killed by a packer or other valid slaughterer in order to commingle meat on their own farm premises.

From the local ration board the farmer must receive a card certifying that he has registered and giving him a registration number. This card, or the number on it, must be recorded by any packer who kills the farmer's home use, or for the farmer to sell to his neighbor for home use.

Kelowna, B.C. resident, from coming to Edmonton to attend the university. Voting against granting permission were: Mayor John W. Fry, Aldermen Sidney Bowcott, J.

Sidney Parsons. Voting for his admission were Aldermen A. Bisset, James H. Ogilvie, H. D. Ainlay, and Guy Patterson, K.C.

Parsons was granted to Miss Sadako Goto, former Edmonton resident, who was born here, but is now in a Japanese camp at Sloan City, B.C., to come to Edmonton to reside with her sister at 11211 80 street. The sister is working for an Edmonton business firm, and a brother is at present engaged as a research assistant at the University of Toronto's pathology department. The girl's parents were naturalized in 1924.

Kenneth Kuwahara, Calgary, was granted permission to come to the city to enter the university. He was born in Calgary, and his parents are naturalized British subjects. He is eligible for admission to the faculty of

The application from Fred A. Sunhara, London, Ont., was ordered filed as there was no direct communication from him before council. The request for permission to enter was conveyed in a letter from the assistant registrar of the university to Sunhara informing him that he would have to make formal application to the city council for permission to enter.

He said that the post-war problem of dealing with Japanese residents in Canada would be a very serious one. He said that council should refrain from granting permission to further Japanese coming here until

Ald. Sidney Parsons drew attention to the resolution passed by council on June 9, 1942, that no more Japanese be permitted to come to Edmonton, and asked that council continue to recognize that resolution.

**EXCLUSION UNFAIR**  
Aldermen in favor of granting permission to the applicants to come to the city to finish their education said that it would be unfair

Ald. H. D. Ainley said that the Japanese question in the United States was dealt with differently. There, he said, many Japanese were in the United States army. They were required to accept the responsibilities as well as the advantages of citizenship. He favored permitting them to come to Edmonton and aid the needy.

Ald. Sidney Parsons said that if the question of admission was opened up again there would be a flood of applications from Japanese resident in all parts of the Dominion to come here. He was opposed to permitting any of the applicants permission to reside here.
